Profile

Satwik Patil is a fresher web developer with a passion for building websites and web applications. He is learning front-end technologies like HTML, CSS, and JavaScript, and exploring frameworks like React. On the back-end, he is gaining experience with developer tools like Node.js and databases such as MySQL. Eager to grow, Satwik is focused on enhancing his skills through personal projects and collaboration, aiming to become a proficient full-stack

Internships

WEB DEVELOPER, ZION, KHARGHAR

JUNE 2024 - Present

Satwik Patil completing internships as both a front-end and back-end developer, gaining valuable experience in web development. As a front-end intern, he worked with technologies like HTML, CSS, JavaScript, and Bootstrap like React to create responsive and user-friendly interfaces. In his back-end internship, Satwik focused on server-side development using Node.js, databases like MySQL, and APIs to ensure seamless functionality. These internships helped him develop a well-rounded skill set, preparing him for full-stack development roles in the future.
